

When in doubt about which reason to use, contact the SEVP Response Center to avoid creating any hardships for your students.

When terminated by a DSO or SEVP, students must leave the United States, file for reinstatement or take other action to remain in status.

Terminated:
The student's record is Terminated in SEVIS by a DSO or SEVP for a reason other than Program Completion.

If you think a student's record is terminated by mistake, use the link, "Request Change to Student Status," to submit a Correction Request.
