Overview of Updates to Programs of Study

Principle designated school officials (PDSOs) are required to submit an update to the school’s approved Form I-17 when information about the programs of study offered to nonimmigrant students changes. PDSOs must update the Form I-17 within 21 days of the change.

Designated school officials (DSOs) can enter and save changes to the programs of study, but cannot submit the petition.

The Programs of Study page collects information about the programs of study your school offers international students. You should not include any programs of study you will not offer to nonimmigrant students.
School officials cannot issue any certificates of eligibility (Forms I-20) for any programs of study that are not:

The *Programs of Study* page collects information on:
