Systems Affected by the Outage

SEVP hopes to minimize the effect of the outage by deploying the release over a weekend. However, SEVIS data is used by many systems worldwide. The following processes and systems will be affected:

Process/System	Effects
I-901 (SEVIS) Fee	The I-901 System will not be able to process the SEVIS fee payments. Students and exchange visitors must either pay ahead of time or wait until SEVIS is online again.
Social Security Numbers (SSN) (System: SAVE)	The Social Security Administration will not be able to confirm F, M, or J status for anyone. Those needing an SSN should either apply before the outage or wait until SEVIS is online again.
SAVE (Systems: ESB, PCQS)	SAVE Agents will not be able to verify the F, M, or J status for anyone. Verification requests should either be submitted before the outage or after SEVIS is online again.
E-Verify (Systems: ESB, PCQS)	E-Verify will not be able to confirm the status of anyone in F, M, or J status. Employers should verify those employees before the outage or wait until SEVIS is online again.
Visa Applications (System: CCD)	Consular officers at U.S. embassies and consulates can view SEVIS data in their own system. However, the data might not be up-to-date. Some visa applications may be delayed until the data feed from SEVIS is restored.
Ports of Entry (Systems: ADIS, PCQS)	Customs and Border Protection (CBP) Officers performing primary inspections can verify admissibility using information that is up-to-date. Anyone seeking F, M, or J status may be sent to secondary inspection for processing. CBP Officers in secondary inspection cannot access SEVIS to verify F, J, or M nonimmigrants' SEVIS status.
State Departments of Motor Vehicles (DMV) (System: SAVE)	DMV Agents will not be able to use SAVE to verify the F, M, or J status of applicants for driver's licenses or state IDs. Nonimmigrants needing a state driver's licenses/ID card should either apply before the outage or wait until SEVIS is online again.

School Recertification

For schools whose certification expiration date is Monday June 29, 2015, we recommend submission of the recertification application in SEVIS by 7:30 pm on June 26, 2015 to avoid possible withdrawal. The system will not be available over the weekend.

Batch Users

Schools and sponsors that use third-party software to push data to SEVIS must plan their batch uploads carefully.

Critical Date/Time	What Happens
NOON (EST) Friday, June 26, 2015	Deadline for schools/sponsors to upload batches to SEVIS.
2:00 PM (EST) Friday, June 26, 2015	SEVIS will process uploaded batches.
3:00 – 7:30 PM (EST) Friday, June 26, 2015	Transaction logs and PDFs of forms available for download.

Transaction logs and PDFs of forms not downloaded by 7:30 PM (EST) Friday, June 26, 2015 will be available for download once SEVIS access is restored.

Batches uploaded after Noon PM (EST) Friday, June 26, 2015 may be lost.
